

ORDINANCE NO. 2A

AN ORDINANCE PROVIDING FOR CHARGES FOR METER INSTALLATION, WATER SERVICES, RECONNECTION CHARGES, AND ESTABLISHING PLACES FOR POSTING ORDINANCES, NOTICES AND OTHER PAPERS OF THE DISTRICT.

BE IT ORDAINED by the Board of Directors of the Volcano Community Services District as follows:

I

The rules and regulations covering the furnishing of water by the District to consumers shall be as follows:

1. District - VCSD. Any reference herein to "District" or "VCSD" is a reference to the Volcano Community Services District Water District.
2. Board of Directors. Any reference herein to "Board of Directors" or "Board" is a reference to the Board of Directors of the Volcano Community Services District.
3. Staff. Any reference herein to "President," "General Manager," "Secretary," and "Engineer," means the persons holding the respective offices designated by the District.
4. Extension & Main. The word "extension" or "main" used herein shall be construed to mean the pipeline and all necessary appurtenances laid or to be laid along any street, alley or right-of-way, for the distribution or transmission of water and shall not be deemed to include as a part thereof any connection or service pipe as hereafter defined.
5. Assessment. The word "assessment" as used herein shall mean a charge considered necessary by the Board of Directors per each legal parcel of land for the payment of indebtedness, administrative, and operational costs.
6. Connection, Service Pipe, or Service. The word "connection," "service pipe," or "service" as used herein shall mean and include the pipe laid or to be laid for the purpose of conveying water from the water main extending along any street, alley or right-of-way to the location of the meter, together with the fittings and appurtenances

necessary to connect said service pipe to the water main and to such meter.

7. Parcel or Lot. The word "parcel" or "lot" as used herein shall mean any single separately described parcel of land, in one or more ownerships. The definition of a parcel may change according to the characteristics of the re-subdivision of any parcel, which would, in turn, provide as many additional parcels as land was or will be fragmented by its subdivision from an existing parcel of land.

8. Cross Connection. The word "cross-connection" as used herein shall mean any unprotected connection or potential connection between any part of the District water system and any source or system containing water or other substance that may contain pathogenic organisms, biological forms, or chemicals that may be physiologically harmful, esthetically objectionable, economically damaging, or otherwise might impair the quality of the public water supply.

9. Improvement District. Any reference herein to "improvement district" means the areas subject to the lien of special assessment bonds or the liability for the acquisition, construction, or improvement of a water system or portion thereof.

10. Multiple Use Fee. The word "multiple use" herein shall mean when there is an existence of one meter service to more than one single family dwelling unit, commercial enterprise, or other definable unit of use by the Board of Directors on a single parcel of land.

11. Extent of Rules & Regulations. The water systems to which these regulations apply shall embrace the property and places now served with water at the date of the passage of this resolution by the present water distribution systems of the District and such additional property and places within the District to which water systems of the District may hereafter from time to time be extended or wherein new elements of the system are developed.

with plumbing or appliances or any use of water on the customer's premises either as a result of a complaint or otherwise will be made without charge and without assumption of any liability in connection therewith.

17. Extent of District Responsibility Due to Customer's Negligence. The District will not be responsible for any loss or damage caused by any negligence or wrongful act of a customer or his authorized representatives in installing, maintaining, operating or using any or all appliances, facilities or equipment for which water service is supplied. The customer will be held responsible for damage to District meters and other property resulting from the use or operation of appliances and facilities on the customer's premises, including damage caused by steam, hot water, chemicals, etc.

18. Customer's Negligent or Wasteful Use of Water. Where negligent or wasteful use of water exists on a customer's premises, seriously affecting the general service, the District may discontinue the service if such conditions are not corrected within five days after giving customer written notice of intent to do so. The District shall immediately discontinue service to any connection if it is running and no one is in attendance. VCSD shall notify the property owner of said action.

19. Distribution of Service Revenues. The District will from time to time establish, impose upon, and collect from the consumer of the water furnished, such charges as will provide and pay the operating expenses of the water system, provide for its repair and replacement, and so far as possible pay the interest on indebtedness incurred for it. All title holders of record of parcels of land as described in the Amador County Records as of July 1, 1967, and all parcels annexed to the District from this date, will be subject to an assessment by VCSD at a rate subject to revision by the Board of Directors. It shall be

due and payable in not more than two installments. Each installment shall be of an equal amount due July 1, delinquent August 15; due January 1, delinquent February 15, of each fiscal year. On transfer of ownership of one undivided parcel, seller will be held liable for assessments due and payable along with any service charges owing. Seller is required to notify VCSD of the transaction, as per instruction on the assessment billing form. On property transactions involving a division of a parcel into two or as many parts as allowed by Amador County ordinances, a full assessment rate will be levied on each of the parcels so derived from a single parcel, applicable, due and payable on the half of the fiscal year next following the date of the transaction. This does not apply to the subdivision of land where VCSD subdivision rules prevail. Delinquency penalties on past due assessments will be levied as follows: If payment is not received within 45 days of the due dates of each fiscal year, a 10% basic penalty will be charged. An additional 1/2 of 1% per month will be charged until payment is made or collected through legal means. Whenever collection must be effected through the courts, all legal fees and court costs will be added. In the event that the amount of any assessment remains unpaid for a period of 45 days next succeeding the due date for such payments, the Board of Directors shall require the discontinuances of the service of water (if water is served to said parcel) and to take whatever or additional action as necessary or required in order to provide a lien upon any such parcel in default, and for the execution of such lien through lawful means, if not promptly paid.

A charge will be made to re-establish any service discontinued for any reason (in advance). If two contiguous parcels having the same legal title of ownership can be reconveyed into a single parcel, and so

recorded in the Amador County records, the VCSD will so recognize and assess, effective in the half of the VCSD fiscal year following the date of County recordation as a single parcel. However, if the single parcel so derived is again divided in any manner, assessments will be levied retroactive to the date it was last recorded as a single parcel.

20. Collection of Delinquent Water Bills. The District shall have and reserves the right to collect any delinquent amount from any prior water service before accepting an application for the re-establishment of that water service. In any instance that water service is discontinued for nonpayment for same, a reconnection charge must be paid in advance.

21. Customer Responsibility of Account Transfers. No sale or lease of the premises shall be construed as relieving any customer from the payment of such charges until said payment has been made and the account transferred by application duly made as hereafter provided upon the books of the District to the new owner or lessee.

22. Final Notice of Discontinuance of Service. ~~All bills for water service are due and payable upon presentation. Any account allowed to become delinquent to the extent of three months accumulated billing is subject to final notice of discontinuance of service. If full payment upon such delinquent account is not received within ten days beyond date of said final notice, service will be discontinued.~~

23. Rules Governing Charges for Meter Installations. Meter installations will be charged for at prices current when meter is installed and according to the size of the meter required. This meter installation when paid for becomes a part of property improvements, such as roads, power lines, etc., but is subject to all other rules of the VCSD. User is responsible for any physical damage resulting from ill-treatment of the meter. District will be responsible for replacing worn parts and maintaining accuracy of the meter. Terms for payment of meter installation: Maximum terms - 3 payments in 90 days. Failure to comply with terms as agreed will result in disconnection of services

(removal of meter) 15 days after notification by certified mail. A reconnection charge will be assessed to reinstall the meter. A water meter on one parcel may not be used to service another parcel, or in any way to circumvent the obligation to pay minimum water rates by separate parcel owners. Any such attempt shall result in immediate discontinuance of service to all parties until corrective action is taken.

24. Rules Governing Water Service to Users & Water Rates. Water rates are subject to review by the Board of Directors. User will be charged for all water recorded through meter. The District is not liable for breaks in user's plumbing system. User may request water service to be disconnected and no minimum charge for water will be made. No charge will be made for disconnecting, but a charge will be made for reconnecting service. When ordering water to be turned on, user will be responsible to secure all plumbing apparatus in user's plumbing system. The District normally reads meters every month. A variance of seven days will be allowed for each reading around the end of the month. If weather conditions, etc. prevent reading, the user will be billed at the minimum charge for the month or months that the user's meter is not read. When conditions again allow the reading of the meter, the amount of water allowable under the minimum rate for each month required shall be subtracted from the total amount of water used. All water used in excess of that allowable under the minimum charge will be billed in accordance with applicable schedules. The District accepts no liability for leaks on the user's side of the meter. No meters will be installed if assessment payment or payments on parcel to receive water service are owing the District.

25. Rules Relating to Installation and Maintenance of Double Check Valves. Backflow prevention devices (double check valves) will be installed in all instances as specified and required by Section 7604, Chapter 5, Title 17, of the California Administrative Code. ✓

This requires the installation of backflow prevention devices on the service connections to all premises having: (a) Access to any auxiliary water supply; (b) Any substance handled in such fashion as to permit its entry into the public water system by back siphonage or pressure differential; (c) Any toxic or hazardous material, liquid, or substance dangerous to health that might possibly be introduced into the public water system.

26. Responsibility for Installation, Inspection & Maintenance. ✓

Backflow prevention devices required herein shall be installed, inspected and maintained by the District or its authorized representative at the expense of the customer or applicant. Charges for this service shall be in accordance with these regulations. The only exception to the foregoing will be when the District permits the customer or applicant to install the backflow prevention device furnished by the District. All double check valves must be installed with unions on each side for easy removal for inspection and must be housed for easy access. Tests and inspection by authorized District personnel shall be made of each installed backflow prevention device at least once a year, or more often where successive inspection indicate repeated failure, or where it has been determined that the hazard justifies and requires more frequent tests and inspections. A summary of all test results shall be maintained by the District and shall be available for inspection by the Public Health agencies of the County and the State.

27. Discontinuance of Service. The District may discontinue service of water to any premises and may physically disconnect the customer's piping from the public water system if a backflow prevention device required by this regulation is not installed, tested, and maintained, and if any defect or damage is found in an installed backflow prevention device, or if it is found that the customer has not

provided reasonable care to protect the backflow prevention device from damage, or if a backflow prevention device has been removed or by-passed, or if unprotected cross-connections exist on the premises; and services will not be restored until such conditions or defects are corrected. ✓

28. Prevention of Flow from One Service Connection Through Another. If a premise is supplied by more than one water service connection from the public water system, a backflow prevention device must be installed at each water service connection to prevent the backflow of water from one service connection through another.

29. Inspection Fees. There will be no monthly service charge for inspection of backflow prevention devices. The cost of the yearly inspection will be borne by the District under maintenance expenses.

30. Offenses Subject to Court Action. Every person who shall without lawful authority take or obtain water from any ditch, main service pipe, storage facility, or fire hydrant of the District, or injure, damage, obstruct, or remove any part of the water system, or who shall turn any water onto any premises without such authority, shall be guilty of a misdemeanor, and upon conviction thereof in court of competent jurisdiction, shall be punishable by a fine not to exceed \$100.00 or by imprisonment in the County Jail of the County of Amador not to exceed 30 days, or both such fine and imprisonment in the discretion of the Court.

31. Non-Liability of District for Damages Beyond Meter. The District will make all service line extensions, connections, and installations according to approved methods, but will not be liable or responsible for any injury or damage caused by water after it has passed through the customer's meter. ✓

32. District Right to Amend or Repeal. The rules and regulations herein set forth may be amended, repealed, or modified; increased or decreased by resolution adopted by the Directors of the District. No person shall gain any right by virtue of these rules and regulations or acts done pursuant thereto to the continuation of any policy or practice prescribed herein. All rules and regulations, ordinance and parts of ordinances of the District in conflict with this ordinance and any rule or regulation of the District, to the extent of such conflict only, and no further, are hereby repealed.

33. Rates. The water and use rates of the District shall be fixed from time to time by resolution of the Board of Directors of the District.

34. Billings. All charges of water supplied shall be billed to the owner of the premises to which said water is supplied and shall be payable at the office of the manager of the District or such other place as the directors of the District shall, by reason, fix and determine.

II

The Board of Directors establishes the following three public places in the District for the posting of ordinances, resolutions, notices and other papers as time to time may be required by the Board of Directors or the laws of the State of California:

1. Armory Hall.
2. United States Post Office.
3. <sup>County</sup> ~~San Joaquin~~ Store Bulletin Board.

NOTES OF DECISIONS

In proceeding by community services district to acquire by eminent domain easement for pipeline purposes and ownership in fee of land for tank site, where easement, as described in original complaint, consisted of strip of land 12 feet in width and approximately 180 feet in length and, at outset of trial, district's counsel obtained leave of court to amend complaint by increasing width of easement from 12 to 30 feet, but no resolution passed by board of directors of district determining that such increase in width was required was offered in evidence or filed and, though there might have been sufficient evidence to justify finding that condemnation of tank property and 12-foot strip was authorized for purposes indicated, judgment for district was not so separated, but included value of fee and 30-foot easement, but judgment should be reversed in absence of any voluntary settlement by parties. Notwithstanding any other provision of this division, a district may authorize, issue and sell revenue bonds pursuant to the provisions of Chapter 6 (commencing with Section 54300), Part 1, Division 2, Title 5 of this code and general obligation bonds pursuant to Chapter 4 (commencing with Section 61650), Part 5, Division 2, Title 6 of this code if the payment of the principal thereof and the interest thereon is additionally secured by a pledge of all or any part of the revenues of the enterprise as provided in Article 4 (commencing with Section 53500), Chapter 3, Part 1, Division 2, Title 5 of this code. Notwith-

standing any other provision of law, such bonds may bear interest at a rate to be determined by the board in its discretion, but not to exceed 10 percent per year. Such bonds shall be issued to provide funds for the acquisition, construction, improving or financing any one or more revenue producing enterprises for any one or more of the purposes specified in Section 61600 for which such district has been formed or which it shall have adopted pursuant to Section 61601. "Enterprise," as used in this section, means a revenue-producing utility authorized by subdivision (a), (b), or (c) of Section 61600, system, plant, works, or undertaking used for or useful in carrying out any one or more of the utility services specified in subdivision (a), (b), or (c) of Section 61600. Bonds issued and sold pursuant to this section shall not constitute "funded indebtedness" of the district, as that term is used in Section 61613 and the limitations of Section 61613, shall not apply to bonds issued pursuant to this section. In connection with the authorization, issue and sale of bonds pursuant to this section and so long as any of such bonds shall remain outstanding, a district may exercise, in addition to the powers conferred by this section, any or all of the powers of local agencies provided for in Article 4 (commencing with Section 53500) of Chapter 3 and Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5, Added Stats 1955 ch 1746 § 3, Amended Stats 1963 ch 1230 § 2; Stats 1980 ch 19 § 4, Prior Law: Former § 60613.1, as added by Stats 1953 ch 482 § 8 p 1726.

**Amendments:**

**1963 Amendment:** (1) Added "and general obligation bonds pursuant to Chapter 4 (commencing with Section 61650), Part 5, Division 2, Title 6 of this code if the payment of the principal thereof and the interest thereon is additionally secured by a pledge of all or any part of the revenues of the enterprise as provided in Article 4 (commencing with Section 53500), Chapter 3, Part 1, Division 2, Title 5 of this code. Such bonds shall be issued"; (2) added "utility authorized by subdivisions (a), (b), or (c) of Section 61600"; (3) substituted "utility services" for "purposes" before "specified in Section 61600"; (4) added "subdivisions (a), (b), or (c)" at the end of third sentence; (5) deleted "Revenue" at the beginning of the fourth sentence; (6) deleted "revenue" after "61613 shall not apply to" and after "issue and sale of"; and (7) added "and Article 4 (commencing with Section 53500), Chapter 3, Part 1, Division 2, Title 5".

**1980 Amendment:** (1) Added "(commencing with Section 54300)" in the first sentence; (2) added the second sentence; (3) amended the fourth sentence by (a) adding the comma after "Enterprise" and "this section"; (b) substituting "subdivision" for "subdivisions" after "authorized by"; and (c) substituting "subdivision (a), (b), or (c) of Section 61600" for "Section 61600, subdivisions (a), (b), or (c)" at the end of the sentence; (4) added the commas after "of the district" and after "of Section 61613" in the fifth sentence; and (5) substituted "Article 4 (commencing with Section 53500) of Chapter 3 and Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5" for "said Chapter 6, Part 1, Division 2, Title 5 and Article 4 (commencing with Section 53500), Chapter 3, Part 1, Division 2, Title 5 of this code" at the end of the section.

the services or facilities of any enterprise as said term is defined in Section 61613.1.

A district may provide that charges for any services or facilities shall be collected together with and not separately from the charges for other revenues or facilities rendered by it, and that all charges shall be billed upon the same bill and collected as one item. If all or part of a bill is not paid, the district may discontinue any or all services or facilities for which the bill is rendered.

A district may provide for the collection of charges. Remedies for their collection and enforcement are cumulative and may be pursued alternatively or consecutively as the local agency determines.

A district may provide for a basic penalty of not more than 10 percent for nonpayment of the charges within the time and in the manner prescribed by it, and in addition may provide for a penalty of not exceeding one-half of 1 percent per month for nonpayment of the charges and basic penalty. It may provide for collection of the penalties herein provided for.

In case any charges for water or other services, or either, remain unpaid the amount of the unpaid charges may in the discretion of the district be secured at any time by filing for record in the office of the county recorder of any county, a certificate specifying the amount of such charges and the name and address of the person liable therefor.

From the time of recordation of the certificate, the amount required to be paid together with interest and penalty constitutes a lien upon all real property in the county owned by the person, or afterwards, and before the lien expires, acquired by him. The lien has the force, priority, and effect of a judgment lien and shall continue for 10 years from the date of the filing of the certificate unless sooner released, or otherwise discharged. The lien may, within 10 years from the filing of the certificate or within 10 years from the date of the last extension of the lien in the manner herein provided, be extended by filing for record a new certificate in the office of the county recorder of any county and from the time of such filing the lien shall be extended to the real property in such county for 10 years unless sooner released or otherwise discharged.

§ 61621  
COMMUNITY SERVICES DISTRICTS

§ 61621.2. Collection on tax roll of rates, charges, or delinquencies

A district may elect to have any, or all, rates or charges for any purposes, or any delinquencies in those rates or charges, collected on the tax roll in any forthcoming fiscal year in the same manner, by the same persons, and at the time as, together with and not separately from, its general taxes in the manner prescribed in Sections 61765.2 to 61765.6, inclusive. In that event, the district shall cause a written report to be prepared and filed by the secretary, which report shall contain a description of each parcel of real property and the amount of the rates or charges for any purposes, or the amount of any delinquencies in any of those rates or charges, for each parcel for the year.

Added Stats 1979 ch 286 § 1, effective July 24, 1979; Amended Stats 1980 ch 705 § 1, effective July 27, 1980; Stats 1983 ch 343 § 1, effective July 25, 1983.

Amendments:

1980 Amendment: (1) Amended the first sentence by (a) substituting "for any purposes, or any delinquencies" for ", or delinquencies"; and (b) adding the comma after "lighting purposes"; and (2) substituted "for any purposes, or the amount of any delinquencies for street lighting purposes" for ", or delinquencies, for street lighting purposes" near the end of the section.

1983 Amendment: Substituted (1) "in those rates or charges" for "for street lighting purposes" in the first sentence; (2) "that" for "such" after "in" in the second sentence; and (3) "in any of those rates or charges" for "for street lighting purposes" in the second sentence.

§ 61621.3. Alternative to collection procedure; Recordation of certificate as lien

In lieu of the collection procedures for rates, charges, and delinquencies provided in Sections 61621 and 61621.2, a district may record, in the office of the county recorder of the county in which such real property is located, a certificate specifying the amount, interest and penalty due, the name and last known address of the person liable therefor, and that such charges remain delinquent for a period of 60 days. From the time of recordation of the certificate, the amount required to be paid for rates, charges, and delinquencies together with interest and penalty thereon, constitutes a lien upon all real property of the delinquent property owner in the county. The lien created by recording the certificate shall have the force, effect, and priority of a judgment lien and shall continue for three years from the time of recording unless sooner released or otherwise discharged.

The district shall include a statement on its bill to each delinquent property owner of any lien for rates, charges, and delinquencies created pursuant to this section.

1983 Amendment: (1) Substituted "in those rates or charges" for "for street lighting purposes"; (2) deleted "for street lighting purposes" after "service charges"; and (3) substituted "those" for "such" near the end of the section.

§ 61621.5. Regulations as to use of facilities and property

(a) Except as otherwise provided in this section, a district may by ordinance adopt regulations binding upon all persons to govern the construction and use of its facilities and property, including regulations imposing reasonable charges for the use thereof. Violation of any regulation relating to the construction and use of sanitation facilities or of roads is a misdemeanor.

(b) A district may by ordinance adopt regulations binding upon all persons to govern the use of its park and recreational facilities and property, including regulations imposing reasonable charges for the use thereof. Violation of any regulation relating to the use of park and recreational facilities is a misdemeanor.

(c) A district granted consent of the governing body of the county or city to exercise the powers provided in subdivision (f) or (k) of Section 20681 of the Public Contract Code shall have the powers, duties, and authority of a county road commissioner granted under Article 2 (commencing with Section 1460) of Chapter 5.5 of Division 2 of the Streets and Highways Code to issue written permits to do the acts permitted by Section 1460 of the Streets and Highways Code in and on the streets accepted for maintenance by the district in

1986 Amendment: (1) Deleted "such" before "regulation" in the second sentences of subds (a) and (b); and (2) added subd (c).

NOTES OF DECISIONS

A community services district could not validly increase its charges for water and sewer rates by means of a resolution. Although Gov. Code, § 61621.5 (requiring community fees or charges by local agencies shall be taken only by ordinance or resolution," the more specific provisions of Health & Saf. Code, § 3471 (requiring ordinance for setting of sewer rates) and Gov. Code, § 61621.5 (requiring community service district to adopt fee increases by ordinance) prevail. Prior Law: Former § 60622, as added by Stats 1951 ch 1711 § 1 p 4005.

§ 61623. Contracts for water system supply

A district having power to own or operate a water system may contract with any person or private corporation of any kind or with any city, county, district, municipal corporation, political subdivision, public corporation, or other public agency of the state, or with the United States or any department, instrumentality, or agency thereof, to purchase or acquire from, or to sell to, or jointly to acquire, construct, operate, or maintain a water system or water supply to serve their inhabitants.  
Notwithstanding any other provisions of law, a district may incur a long-term debt obligation without the necessity of obtaining voter approval, by entering into a loan assumption agreement whereby it agrees to assume the obligation of the users or owners of the water system or water supply to make loan payments to the United States or any department, instrumentality, or agency thereof, in exchange for or as part of the purchase price of that water system or water supply.

§ 61623.1. Clear Creek Community Services District

Notwithstanding any other provision of law, the Clear Creek Community Services District may construct, maintain, and operate plants for the generation of hydroelectric power and transmission lines for the conveyance thereof in accordance with the provisions of Chapter 2.95 (commencing with Section 35580) of Part 5 of Division 13 of the Water Code.  
Added Stats 1980 ch 233 § 1, effective June 25, 1980.

§ 61623.4. Fire protection district

A district may exercise any of the powers, functions, and duties which are vested in, or imposed upon, a fire protection district pursuant to the Fire Protection District Law of 1961, Part 2.7 (commencing with Section 13801), Division 12 of the Health and Safety Code if the petition for formation of the district included fire protection among the designated purposes for which it was formed, or if the district adopts fire protection as an additional purpose of the district pursuant to Section 61601.

If the district includes any part of a city, fire protection district, or other local agency which provides fire protection service to any territory in the district, the district shall have no authority pursuant to this section regarding the prevention and suppression of fires in such territories, unless such district has obtained the consent of such city, fire protection district, or other local agency.  
Added Stats 1969 ch 629 § 1.

§ 61623.5. Removal of fire hazard

In any district authorized to provide fire protection services, the district board may clear or order the clearing of land or remove or order the removal of dry grass, stubble, brush, rubbish, litter, or other flammable material, if, in its judgment, the flammable material endangers the public safety by creating a fire hazard.  
The provisions of Part 5 (commencing with Section 14875), Division 12, of the Health and Safety Code are made applicable to the community service districts which perform fire control or protection service and are organized and existing pursuant to this chapter.

including, but not limited to, the provisions with respect to the assessment of property owners for the expense of abatement, and the procedure set forth therein shall apply to dry grass, stubble, brush, rubbish, litter or other flammable material which endangers the public safety by creating a fire hazard.

In the application of the provisions of Part 5 (commencing with Section 14875), Division 12 of the Health and Safety Code, to proceedings under this chapter, the terms "board of supervisors," or "board" when used in said Part 5, shall mean the district board acting under this chapter; and the officers designated in Section 14890, of said Part 5, shall mean the employees of the community services district designated by the district board.
